

Your Lubrication Solution Partners™

MTP Ultra™

Hydrosynthetic® Grease

Because the school bell won't wait on spare parts.

Keeping buses running reliably is your responsibility. What can you do to better protect your grease lubricated chassis points, kingpins and u-joints? MTP Ultra improves your bus fleet's reliability by maintaining a protective lubricant coating on bus components and keeping dirt and moisture out of contact zones. Formulated with adhesive/cohesive Resilium® polymers, MTP Ultra stays in place, so parts stay protected and extended greasing intervals are maintained. MTP Ultra is designed specifically for your bus fleet equipment requiring a tacky EP grease.

BENEFITS

- **Outstanding anti-wear and extreme pressure protection to maximize equipment life**
- **Tacky formulation resists sling-off and pound out under heavy loads**
- **Protects against rust and corrosion**
- **Resists oxidation to ensure long grease life**
- **Exceptional water washout resistance**
- **Good fluidity and pumpability**

MTP Ultra exhibits exceptional tackiness and adhesion to keep water and contamination out of your bearings

Elongation is a measure of the adhesive-cohesive “stringiness” of a grease and indicates its ability to effectively travel through moving systems and create a protective coating.

- Improve Reliability
- Increase Uptime
- Optimize Efficiency

About Hydrotex®

Hydrotex® is a manufacturer and distributor of high performance lubricant and fuel improver solutions. As an employee owned company, we help our customers develop sustainable solutions designed to help improve system reliability, save energy, limit pollution, extend fixed asset life, reduce maintenance costs and improve fuel efficiency. Our products and services leverage over 80 years of innovation resulting in superior lubrication solutions.

For optimal results, use with:

POWER KLEEN™

Give new life to your diesel fuel system! Power Kleen keeps the entire fuel system clean: powerful nitrogen cleaning molecules dissolve deposits of carbon, gum and varnish in fuel injectors, lines and tanks, and prevents their reformation.

ESSENTIALUBE®

Keep your engine in pristine condition by flushing with Essentialube, our powerful blending agent which reduces the harmful effects of engine acids and increases engine life. Contains ashless additives and pure hydrocarbon ingredients, contains no metallic additives and will not void warranties.

HY-TORQUE® GOLD

Hy-Torque Gold is designed to provide outstanding performance for heavy duty automatic transmissions while lowering operating temperatures and has been shown to extend service intervals up to 300% when used in conjunction with Oil Sampling and Analysis. With over 3.5 million miles of on-road testing, trust Hy-Torque Gold to move your fleet forward.

The Hydrotex Warranty

When properly stored and used in accordance with instructions, any material not satisfactory will be replaced with any product in our line on a dollar for dollar basis provided the account is paid in full when due, and Hydrotex is notified, in writing, within 12 months of the date of the order by the customer.
